VASCULAR & INTERVENTIONAL PROCEDURES

Our team provides IR consultations at our Interventional Clinic located at 3930 S. Eastern Avenue. All IR procedures are performed at Desert Radiology's hospital partners throughout Southern Nevada.

The following vascular and interventional procedures are offered:

Portal Hypertensive Therapies

- Transjugular intrahepatic portosystemic shunt (TIPS) for refractory ascites or recurrent variceal bleeding
- Transhepatic variceal embolization
- Transjugular liver biopsy +/- portal venous pressure measurements
- Percutaneous transhepatic catheters (PTC) for biliary decompression or bile duct injury
- Biliary stenting
- Biliary stone retrieval
- Biliary biopsies

Peripheral Arterial Disease

- Angioplasty and stenting
- Atherectomy
- Catheter directed thrombectomy and thrombolysis for acute limb ischemia

Venous Disease

- Acute and chronic DVT thrombectomy and thrombolysis
- IVC filter placement
- IVC reconstruction
- Complex IVC filter retrieval
- PE thrombectomy and thrombolysis
- Venous ablation and sclerotherapy
- Venous angioplasty and stenting

Pulmonary

- CT-guided lung biopsies
- Ablation of primary lung tumors
- Bronchial artery embolization
- Pulmonary arterial thrombolysis
- Pulmonary AVM embolization
- Tunneled pleural catheter insertion
- Chest tubes

Pain Management

- Celiac plexus and other nerve root blocks
- Epidural steroid injection
- Intercostal Nerve Cryoneurolysis (INC)
- Spinal facet injections
- Vertebroplasty / Kyphoplasty

Dialysis Care

- Tunneled dialysis catheter placement and access
- Fistula and graft maintenance
- Thrombectomy of clotted dialysis access

Embolization

- Gastrointestinal bleeding
- Refractory epistaxis
- Hemoptysis / Bronchial artery embolization
- Post-partum hemorrhage
- Pre-operative tumor embolization
- Portal-vein embolization
- Trauma embolization
- Peripheral AVM treatment
- Genicular Artery Embolization

Neuro

- Cerebral and carotid angiograms
- Carotid stenting
- Epidural blood patch
- Acute stroke interventions
- Intracerebral aneurysm embolization

General IR

- Adrenal Venous Sampling (AVS)
- Image-guided fluid drainage and sclerosis
- Image-guided needle biopsies
- Gastrostomy / gastrojejunostomy (G-J) tubes
- Foreign body retrievals
- PICC lines
- Paracentesis
- Thoracentesis
- Oncology
- Image-guided needle biopsies
- Port-a-cath placement and removal
- Image-guided tumor ablation
- Transarterial Chemoembolization (TACE)

Genitourinary

- Ablation of renal tumors
- Nephroureteral stenting
- Percutaneous nephrostomy (PCN)
- Renal artery stenting

Women's Health

- Pelvic Congestion Syndrome
- Uterine fibroid embolization

Men's Health

- Prostate Artery Embolization
- Scrotal varicocele embolization

OUR INTERVENTIONAL RADIOLOGY TEAM

Desert Radiology's highly-skilled Interventional Radiology (IR) team is comprised of board-certified, fellowship trained physicians with sub-specialized expertise in a wide-range of IR procedures. Using the most innovative techniques in diagnostic imaging and therapeutic intervention, our physicians diagnose and treat with methods that are precisely targeted and minimally invasive.

Rajneesh Agrawal, MD

Medical School:
Northwestern University

Fellowship:
Diagnostic & Interventional
Neuroradiology
Henry Ford Health System

Elan Bomsztyk, MD

Medical School:
University of Balamand Faculty of
Medicine & Medical Sciences

Fellowship:
Vascular & Interventional
Radiology, University of Maryland

Kamel El Salek, MD

Medical School:
University of Illinois

Fellowship:
Vascular & Interventional Radiology,
University of California at San
Francisco

Julian Hardman, MD

Medical School:
University of Illinois at Chicago,
College of Medicine

Fellowship:
Neuroradiology & Endovascular
Surgery, Cleveland Clinic

Mohammed Hoque, MD

Medical School:
Stony Brook University School of
Medicine

Fellowship:
Vascular & Interventional Radiology,

Radiology, New York Hospital,
Cornell Medical Center

Xi Xue, MD

Medical School:
Temple University,
School of Medicine

Fellowship:
Interventional Radiology
Stanford Hospital

SCHEDULING AN INTERVENTIONAL RADIOLOGY CONSULTATION

Our IR team conducts all consultations at Desert Radiology's Interventional Clinic. To refer your patient for a consultation, please reach out to our IR Coordinator team at 702-794-4384.

Following consultation, our team will work directly with your patients to schedule their Interventional procedure.

For questions regarding our consultation process or a regarding a specific IR procedure, call or email us TODAY!
